

NEW MONEY ISSUE - BOOK-ENTRY-ONLY

In the opinion of Edwards Wildman Palmer LLP, Bond Counsel, based upon an analysis of existing law and assuming, among other matters, compliance with certain covenants, interest on the Bonds is excluded from gross income for federal income tax purposes under the Internal Revenue Code of 1986. Interest on the Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, although such interest is included in adjusted current earnings when calculating corporate alternative minimum taxable income. Under existing law, interest on the Bonds is exempt from Massachusetts personal income taxes, and the Bonds are exempt from Massachusetts personal property taxes. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Bonds. See "TAX EXEMPTION" herein.

The Bonds are being issued to finance certain authorized capital projects of the Commonwealth. See “THE BONDS – Application of Proceeds of the Bonds.”

THE BONDS

General

The Bonds will mature on the dates and in the aggregate principal amounts, and shall bear interest at the rates per annum (calculated on the basis of a 360-day year of twelve 30-day months), as set forth on the inside cover page of this Official Statement. The Bonds will be dated their date of delivery and will bear interest from such date. Interest on the Bonds will be payable semiannually on June 1 and December 1 of each year, and at maturity, commencing June 1, 2012, until the principal amount is paid. The Commonwealth will act as its own paying agent with respect to the Bonds. The Commonwealth reserves the right to appoint from time to time a paying agent or agents or bond registrar for the Bonds.

Book-Entry-Only System. The Bonds will be issued by means of a book-entry-only system, with one bond certificate for each maturity bearing a particular interest rate immobilized at The Depository Trust Company, New York, New York (“DTC”). The certificates will not be available for distribution to the public and will evidence ownership of the Bonds in principal amounts of \$5,000 or integral multiples thereof. Transfers of ownership will be effected on the records of DTC and its participants pursuant to rules and procedures established by DTC and its participants. Interest and principal due on the Bonds will be paid in federal funds to DTC or its nominee as registered owner of the Bonds. As long as the book-entry-only system remains in effect, DTC or its nominee will be recognized as the owner of the Bonds for all purposes, including notices and voting. The Commonwealth will not be responsible or liable for maintaining, supervising or reviewing the records maintained by DTC, its participants or persons acting through such participants. See “BOOK-ENTRY-ONLY SYSTEM.”

Redemption

Optional Redemption. The Bonds will be subject to redemption on any date prior to their stated maturity dates on and after December 1, 2019 at the option of the Commonwealth from any monies legally available therefor, in whole or in part at any time, by lot, at 100% of the principal amount thereof, plus accrued interest to the redemption date.

Notice of Redemption. The Commonwealth shall give notice of redemption to the owners of the applicable Bonds not less than 30 days prior to the date fixed for redemption. So long as the book-entry-only system remains in effect for such Bonds, notices of redemption will be sent by the Commonwealth only to DTC or its nominee. Any failure on the part of DTC, any DTC participant or any nominee of a beneficial owner of any such Bond (having received notice from a DTC participant or otherwise) to notify the beneficial owner so affected, shall not affect the validity of the redemption.

On the specified redemption date, all Bonds called for redemption shall cease to bear interest, provided the Commonwealth has monies on hand to pay such redemption in full.

Selection for Redemption. In the event that less than all of any maturity of any Bond is to be redeemed, and so long as the book-entry-only system remains in effect for such Bonds, the particular Bonds or portion of any such Bonds of a particular maturity to be redeemed will be selected by DTC by lot. If the book-entry-only system no longer remains in effect for the Bonds, selection for redemption of less than all of any one maturity of the Bonds will be made by the Commonwealth by lot in such manner as in its discretion it shall deem appropriate and fair. For purposes of selection by lot within a maturity, each \$5,000 of principal amount of a Bond will be considered a separate Bond.

Application of Proceeds of the Bonds

The Bonds are being issued pursuant to the provisions of Section 49 of Chapter 29 of the Massachusetts General Laws and specific bond authorizations enacted by the Legislature. The net proceeds of the sale of the Bonds, including any premium received by the Commonwealth upon original delivery of the Bonds, will be applied by the Treasurer and Receiver-General of the Commonwealth (the “State Treasurer”) to

the various purposes for which the issuance of bonds has been authorized pursuant to such special laws, or to reimburse the Commonwealth's treasury for expenditures previously made pursuant to such laws. Any remaining premium received by the Commonwealth upon original delivery of the Bonds and not applied to the various purposes for which bonds have been authorized will be applied to the costs of issuance thereof.

The purposes for which the Bonds will be issued have been authorized by the Legislature under various bond authorizations. The proceeds will be used to finance or reimburse the Commonwealth for a variety of capital expenditures that are included within the current capital spending plan established by the Executive Office for Administration and Finance. The plan, which is an administrative guideline and is subject to amendment at any time, sets forth capital spending allocations and establishes annual capital spending limits. See the Commonwealth Information Statement under the heading "COMMONWEALTH CAPITAL INVESTMENT PLAN."

SECURITY FOR THE BONDS

The Bonds will be general obligations of the Commonwealth to which its full faith and credit will be pledged for the payment of principal and interest when due. However, it should be noted that Chapter 62F of the Massachusetts General Laws imposes a state tax revenue growth limit and does not exclude principal and interest payments on Commonwealth debt obligations from the scope of the limit. It should be noted further that Section 60B of Chapter 29 of the Massachusetts General Laws imposes an annual limitation on the percentage of total appropriations that may be expended for payment of interest and principal on general obligation debt of the Commonwealth. These statutes are both subject to amendment or repeal by the Legislature. Currently, both actual tax revenue growth and annual general obligation debt service are below the statutory limits. See the Commonwealth Information Statement under the headings "COMMONWEALTH REVENUES AND EXPENDITURES – Limitations on Tax Revenues" and "LONG-TERM LIABILITIES – General Authority to Borrow; *Limit on Debt Service Appropriations.*"

The Commonwealth has waived its sovereign immunity and consented to be sued on contractual obligations, including the Bonds, and all claims with respect thereto. However, the property of the Commonwealth is not subject to attachment or levy to pay a judgment, and the satisfaction of any judgment generally requires a legislative appropriation. Enforcement of a claim for payment of principal of or interest on the Bonds may also be subject to the provisions of federal or state statutes, if any, hereafter enacted extending the time for payment or imposing other constraints upon enforcement, insofar as the same may be constitutionally applied. The United States Bankruptcy Code is not applicable to the Commonwealth. Under Massachusetts law, the Bonds have all of the qualities and incidents of negotiable instruments under the Uniform Commercial Code. The Bonds are not subject to acceleration.

LITIGATION

No litigation is pending or, to the knowledge of the Attorney General, threatened against or affecting the Commonwealth seeking to restrain or enjoin the issuance, sale or delivery of the Bonds or in any way contesting or affecting the validity of the Bonds.

There are pending in courts within the Commonwealth various suits in which the Commonwealth is a defendant. In the opinion of the Attorney General, no litigation is pending or, to her knowledge, threatened which is likely to result, either individually or in the aggregate, in final judgments against the Commonwealth that would affect materially its financial condition. For a description of certain litigation affecting the Commonwealth, see the Commonwealth Information Statement under the heading "LEGAL MATTERS."

BOOK-ENTRY-ONLY SYSTEM

The Depository Trust Company, New York, NY, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond will be issued for each maturity set forth on the inside cover page hereof, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Commonwealth as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

THE COMMONWEALTH WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATION TO THE DIRECT PARTICIPANTS, THE INDIRECT PARTICIPANTS OR THE BENEFICIAL OWNERS WITH RESPECT TO THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR BY ANY DIRECT OR INDIRECT PARTICIPANT, THE PAYMENT OF OR THE PROVIDING OF NOTICE TO THE DIRECT PARTICIPANTS, THE INDIRECT PARTICIPANTS OR THE BENEFICIAL OWNERS OR WITH RESPECT TO ANY OTHER ACTION TAKEN BY DTC AS BOND OWNER.

The principal of and interest and premium, if any, on the Bonds will be paid to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC, as registered owner of the Bonds. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Commonwealth, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with municipal securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or the Commonwealth, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of the principal of and interest and premium, if any, to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Commonwealth, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

The Commonwealth cannot give any assurances that Direct Participants or others will distribute payments of principal of and interest on the Bonds paid to DTC or its nominee, as the registered owner, to the Beneficial Owners, or that they will do so on a timely basis or that DTC will serve and act in a manner described in this document.

Beneficial Owners of the Bonds will not receive or have the right to receive physical delivery of such Bonds and will not be or be considered to be the registered owners thereof. So long as Cede & Co. is the registered owner of the Bonds, as nominee of DTC, references herein to the holders or registered owners of the Bonds shall mean Cede & Co. and shall not mean the Beneficial Owners of the Bonds, except as otherwise expressly provided herein.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Commonwealth. Under such circumstances, in the event that a successor depository is not obtained, Bonds will be delivered and registered as designated by the Beneficial Owners. The Beneficial Owner, upon registration of Bonds held in the Beneficial Owner's name, will become the Bondowner. Bond certificates are required to be printed and delivered.

The Commonwealth may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In such event, Bond certificates will be printed, delivered and registered as designated by the Beneficial Owners.

THE INFORMATION IN THIS SECTION CONCERNING DTC AND DTC'S BOOK-ENTRY-ONLY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE COMMONWEALTH BELIEVES TO BE RELIABLE, BUT THE COMMONWEALTH TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF.

RATINGS

The Bonds have been assigned long-term ratings of "AA+," "Aa1" and "AA+" by Fitch Ratings ("Fitch"), Moody's Investors Service, Inc. ("Moody's") and Standard & Poor's Ratings Services ("Standard & Poor's"), respectively.

Such ratings reflect only the respective views of such organizations, and an explanation of the significance of such ratings may be obtained from the rating agency furnishing the same. There is no assurance that a rating will continue for any given period of time or that a rating will not be revised or withdrawn entirely by any or all of such rating agencies, if, in its or their judgment, circumstances so warrant. Any downward revision or withdrawal of a rating could have an adverse effect on the market prices of the Bonds.

COMPETITIVE SALE OF BONDS

After competitive, electronic bidding on December 20, 2011, the Bonds were awarded by the Commonwealth to J.P. Morgan Securities LLC, as purchaser. The purchaser of the Bonds has supplied the information as to the public reoffering yields of the Bonds set forth on the inside cover hereof. If all of the Bonds were resold to the public at such yields, the purchaser of the Bonds has informed the Commonwealth that its total compensation is expected to be 0.4738%. The purchaser of the Bonds may change the public offering yields from time to time.

TAX EXEMPTION

In the opinion of Bond Counsel, based upon an analysis of existing laws, regulations, rulings, and court decisions, and assuming, among other matters, compliance with certain covenants, interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the "Code"). Bond Counsel is of the further opinion that interest on the Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, although Bond Counsel observes that such interest is included in adjusted current earnings when calculating corporate alternative minimum taxable income. Bond Counsel expresses no opinion regarding any other federal tax consequences arising with respect to the ownership or disposition of, or the accrual or receipt of interest on, the Bonds.

The Code imposes various requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Bonds. Failure to comply with these requirements may result in interest on the Bonds being included in gross income for federal income tax purposes, possibly from the date of original issuance of the Bonds. The Commonwealth has covenanted to comply with such requirements to ensure that interest on the Bonds will not be included in federal gross income. The opinion of Bond Counsel assumes compliance with these covenants.

Bond Counsel is also of the opinion that, under existing law, interest on the Bonds is exempt from Massachusetts personal income taxes, and the Bonds are exempt from Massachusetts personal property taxes. Bond Counsel expresses no opinion regarding any other Massachusetts tax consequences arising with respect to the Bonds. Prospective purchasers of the Bonds should be aware, however, that the Bonds are included in the measure of Massachusetts estate and inheritance taxes, and the Bonds and the interest thereon are included in the measure of certain Massachusetts corporate excise and franchise taxes. Bond Counsel has not opined as to the taxability of the Bonds or the income therefrom under the laws of any state other than Massachusetts. A copy of the proposed form of opinion of Bond Counsel is set forth in Appendix B hereto.

To the extent the issue price of any maturity of the Bonds is less than the amount to be paid at maturity of such Bonds (excluding amounts stated to be interest and payable at least annually over the term of such Bonds), the difference constitutes “original issue discount,” the accrual of which, to the extent properly allocable to each owner thereof, is treated as interest on the Bonds which is excluded from gross income for federal income tax purposes and is exempt from Massachusetts personal income taxes. For this purpose, the issue price of a particular maturity of the Bonds is the first price at which a substantial amount of such maturity of the Bonds is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The original issue discount with respect to any maturity of the Bonds accrues daily over the term to maturity of such Bonds on the basis of a constant interest rate compounded semiannually (with straight-line interpolations between compounding dates). The accruing original issue discount is added to the adjusted basis of such Bonds to determine taxable gain or loss upon disposition (including sale, redemption, or payment on maturity) of such Bonds. Holders of the Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Bonds with original issue discount, including the treatment of purchasers who do not purchase such Bonds in the original offering to the public at the first price at which a substantial amount of such Bonds is sold to the public.

Bonds purchased, whether at original issuance or otherwise, for an amount greater than the stated principal amount to be paid at maturity of such Bonds, or, in some cases, at the earlier redemption date of such Bonds (“Premium Bonds”), will be treated as having amortizable bond premium for federal income tax purposes and Massachusetts personal income tax purposes. No deduction is allowable for the amortizable bond premium in the case of obligations, such as the Premium Bonds, the interest on which is excluded from gross income for federal income tax purposes. However, a holder’s basis in a Premium Bond will be reduced by the amount of amortizable bond premium properly allocable to such holder. Holders of Premium Bonds should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken) or events occurring (or not occurring) after the date of issuance of the Bonds may adversely affect the value of, or the tax status of interest on, the Bonds.

On September 12, 2011, President Obama proposed legislation entitled the “American Jobs Act of 2011” (the “Jobs Act”). As proposed, the Jobs Act included a provision, effective for tax years beginning after 2012, that could have resulted in additional federal income tax being imposed on certain high income taxpayers who own obligations the interest on which is otherwise excluded from gross income under Section 103 of the Code, including the Bonds. On October 11, 2011, the Jobs Act, as introduced in the United States Senate, failed to pass a cloture vote that would have ended debate and permitted the Senate to vote on the merits of the bill. However, the Jobs Act, or portions thereof, including the provision described above, may be reintroduced in Congress in the future. In addition, other tax legislation (either proposed or future), if enacted into law, also could cause interest on the Bonds to be subject directly or indirectly to federal income taxation, or otherwise prevent holders of the Bonds from realizing the full benefit provided under current federal tax law of the exclusion of interest on the Bonds from gross income. It is not possible to predict whether any such legislation will be enacted into law. Further, no assurance can be given that any pending or future legislation, including amendments to the Code, if enacted into law, or any proposed legislation, including amendments to the Code, or any future judicial, regulatory or administrative interpretation or development with respect to existing law, will not adversely affect the market value and marketability of, or the tax status of interest on, the Bonds. Prospective holders of the Bonds are urged to consult their own tax advisors with respect to any such legislation, interpretation or development.

Although Bond Counsel is of the opinion that interest on the Bonds is excluded from gross income for federal income tax purposes and is exempt from Massachusetts personal income taxes, the ownership or disposition of, or the accrual or receipt of interest on, the Bonds may otherwise affect a holder’s federal or state tax liability. Among other possible consequences of ownership or disposition of, or the accrual or receipt of interest on, the Bonds, the Code requires recipients of certain social security and certain railroad retirement benefits to take into account receipts or accruals of interest on the Bonds in determining the portion of such benefits that are included in gross income. The nature and extent of all such other tax consequences will depend upon the particular tax status of the holder or the holder’s other items of income, deduction or exclusion. Bond

Counsel expresses no opinion regarding any such other tax consequences, and holders of the Bonds should consult with their own tax advisors with respect to such consequences.

RECENT DEVELOPMENTS

Fiscal 2011

Through June 30, 2011, the end of fiscal 2011, the Governor had approved fiscal 2011 supplemental appropriations legislation totaling \$1.511 billion. After accounting for offsetting revenues (primarily federal Medicaid reimbursements), the net value of the spending is \$661.3 million. The fiscal 2011 supplemental funding amount is somewhat larger than is typical, because it includes the expenditure of a significant amount of enhanced FMAP funds that were made available by the federal government after the Governor approved the original fiscal 2011 budget. Most of the supplemental funding was necessary to support state safety net programs and services affected by increased caseloads and utilization as a result of the economic downturn, such as the MassHealth program and the emergency family shelters program at the Department of Housing and Community Development. This supplemental funding also included \$42 million for costs associated with providing legal representation to indigent persons in criminal and civil court cases and \$21.1 million for increased caseloads at the Department of Transitional Assistance. There were also other unanticipated costs, such as increased funding for snow and ice removal, that required supplemental funding.

On October 27, 2011, the Governor approved the final fiscal 2011 supplemental appropriations bill. (The final supplemental appropriations bill for a particular fiscal year is customarily enacted and approved in the third or fourth month of the ensuing fiscal year.) The bill provides for the deposit of \$350 million of fiscal 2011 year-end surplus resources into the Stabilization Fund. In addition to the Stabilization Fund deposit, the bill provides \$132.1 million in additional fiscal 2011 appropriations and authorizes a further \$22 million in already-authorized fiscal 2011 funding to be made available in fiscal 2012. Highlights of the supplemental funding include \$39 million of fiscal 2011 surplus funds to support infrastructure projects across the state, \$10 million for cities and towns affected

by the June 1, 2011 tornado for costs not reimbursed through the Federal Emergency Management Agency, \$6.2 million to reimburse cities and towns for a portion of the costs incurred in responding to the December, 2008 ice storm, \$12 million for judicial operations, \$11.2 million for children's clothing allowances under foster care and Transitional Aid for Families with Dependent Children and \$9.5 million to fund a portion of the state's costs of the Low-Income Housing Tax Credit. The legislation authorizes \$36.8 million in expenditures (\$35.2 million after accounting for offsetting revenues) from fiscal 2012 resources, which have been included in the updated forecasts for fiscal 2012 prepared by the Executive Office for Administration and Finance.

On November 2, 2011, the Comptroller issued the fiscal 2011 Statutory Basis Financial Report (SBFR), which closes the books on fiscal 2011 and incorporates the impact of the fiscal 2011 final supplemental appropriations bill approved by the Governor on October 27, 2011. As reported in the SBFR, fiscal 2011 budgeted fund total revenues and other financing sources exceeded fiscal 2011 budgeted fund total expenditures and other uses by \$998 million, and fiscal 2011 ended with a budgeted fund balance of \$1.901 billion. Of that amount, \$1.379 billion was reserved in the Stabilization Fund, \$400 million was reserved for continuing appropriations and debt service and \$122 million was undesignated.

The Stabilization Fund balance of \$1.379 billion at the end of fiscal 2011 represents a \$709 million increase from the close of fiscal 2010. The \$709 million increase in fiscal 2011 resulted from \$9.0 million in Stabilization Fund investment earnings, \$1.6 million in statutorily required deposits on account of withholding taxes on certain Lottery winnings, a \$350 million deposit authorized in the fiscal 2011 final supplemental appropriations bill, and statutorily required deposits from the fiscal 2011 consolidated net surplus of \$103.9 million (equal to 0.5% of fiscal 2011 tax revenues) and \$244.8 million (from the remaining consolidated net surplus).

See the March Information Statement under the heading "FISCAL 2011 AND FISCAL 2012 – Fiscal 2011."

Fiscal 2012

The House of Representatives approved its version of the fiscal 2012 budget on April 28, 2011, the Senate approved its version on May 26, 2011, and a legislative conference committee released its report on June 30, 2011. The budget was enacted by the Legislature on July 1, 2011 and approved by the Governor on July 11, 2011. A \$1.250 billion interim budget for the first ten days of fiscal 2012 had been enacted by the Legislature and approved by the Governor on June 27, 2011. Total spending in the final fiscal 2012 budget approved by the Governor amounts to approximately \$30.598 billion. The budget assumes tax revenues of \$20.615 billion, reflecting the fiscal 2012 consensus tax estimate of \$20.525 billion, which was adjusted for the impact of revenue initiatives enacted as part of the budget (most notably a one-year delay of the FAS 109 deductions (additional \$45.9 million)), enhanced tax enforcement initiatives (additional \$61.5 million) and the impact of a two-day sales tax holiday held on August 13-14, 2011 (reduction of \$20.6 million). The fiscal 2012 budget authorizes a \$200 million withdrawal from the Stabilization Fund, the use of fiscal 2012 interest earnings on the Stabilization Fund and an additional \$103.7 million in savings achieved by suspending the statutorily required deposit into the Stabilization Fund of 0.5% of total tax revenue. The fiscal 2012 budget projections contained in this Supplement assume a transfer of \$185 million from the Stabilization Fund rather than the authorized \$200 million. On that assumption, and after taking into account the \$81.4 million in deposits made through October related to one-time tax settlements (see below) as well as the \$20 million withdrawal from the Fund called for in the recently passed gaming legislation to support start-up costs of the Massachusetts Gaming Commission, the Stabilization Fund is projected to have a \$1.255 billion balance at the end of fiscal 2012. The gaming legislation provides that upon receipt by the Massachusetts Gaming Commission of sufficient initial license fees, the Commission will transfer \$20 million back to the Stabilization Fund.

On October 17, 2011, the Secretary of Administration and Finance, based on available data on tax revenue collections and economic trends, revised the fiscal 2012 tax revenue estimate from \$20.615 billion to \$21.010 billion. A portion of the increase in the tax revenue estimate is proposed to be used to support supplemental appropriations filed by the Governor on October 17, 2011, as described below, and the balance is proposed to be preserved to address non-tax revenue shortfalls and other cost exposures that may occur later in the fiscal year. To address non-tax revenue shortfalls that have already occurred in fiscal 2012, the Secretary also revised the aggregate fiscal 2012 non-tax revenue projection downward by \$26 million from the level assumed in the enacted fiscal 2012

budget. The revised tax estimate assumes that the income tax rate will be reduced to 5.25%, effective January 1, 2012. See “COMMONWEALTH REVENUE AND EXPENDITURES – State Taxes; *Income Tax*.”

On November 11, 2011 the Governor approved supplemental budget legislation containing approximately \$52 million in supplemental appropriations, including \$21 million for the Department of Housing and Community Development’s emergency assistance (EA) program, which provides shelter and other emergency housing services to low-income families with children and pregnant women who are homeless, \$18.2 million for the Department of Housing and Community Development’s HomeBase program and \$10 million for a reserve to offset fiscal 2012 costs of state agencies incurred in response to the August Tropical Storm Irene.

Pursuant to a recent change in state finance law, \$81.4 million received by the Commonwealth on account of one-time judgments and settlements thus far in fiscal 2012 has been deposited in the Stabilization Fund. See “COMMONWEALTH REVENUES AND EXPENDITURES – Federal and Other Non-Tax Revenues; *Settlements and Judgments*.”

State Taxes

Income Tax. State tax receipts for fiscal 2011 were significantly higher than receipts during fiscal 2010. See “Fiscal 2010, Fiscal 2011 and Fiscal 2012 Tax Revenues – *Fiscal 2011*,” below. Under current state law, the state income tax rate will be reduced from 5.3% to 5.25% (effective January 1, 2012) if the growth in fiscal 2011 inflation adjusted baseline revenues (as defined in state law) over fiscal 2010 exceeds 2.5%, and if for each consecutive three-month period starting in August and ending in November, 2011 there is positive inflation-adjusted baseline revenue growth as compared to the same consecutive three-month period in calendar 2010. On August 30, 2011, the Commissioner of Revenue certified that fiscal 2011 inflation-adjusted baseline revenues grew by 7.2% from fiscal 2010, which exceeds the initial trigger for the income tax rate reduction. On September 15, 2011, October 17, 2011 and November 15, 2011, the Commissioner of Revenue certified that for the three separate three-month periods (one ended August 31, 2011, one ended September 30, 2011 and one ended October 31, 2011), inflation-adjusted baseline tax revenue growth over the same three-month periods during the prior year were 3.19%, 3.7% and 3.01%, respectively, exceeding the 0% thresholds for each of these three-month certification periods. The Commissioner will issue one additional certification on December 15, 2011 (for the three-month period ending November 30, 2011). Accordingly, it will not be known if the rate reduction will be triggered until the Commissioner issues her final certification on December 15, 2011 as to whether the statutory triggers were met. The Department of Revenue estimates that the revenue impact of this rate reduction for fiscal 2012 would be between \$52 million and \$56 million (with a mid-point of \$54 million). The revenue impact for fiscal 2013 (assuming no further rate reduction in calendar year 2013) would be between \$111 million and \$117 million (mid-point of \$114 million).

See the March Information Statement under the heading “COMMONWEALTH REVENUES AND EXPENDITURES – State Taxes; *Income Tax*.”

Tax Expenditure Commission. The fiscal 2012 budget established a study commission on tax expenditures to review and evaluate the administration and fiscal impact of tax expenditures and make recommendations to the Legislature on the administrative efficiency and cost benefit of tax expenditures. Tax expenditures include credits, deductions and exemptions from the basic provisions of the state tax code. The commission is chaired by the Secretary of Administration and Finance and includes legislators and economists. The commission's report, which may include proposed legislation, is due April 30, 2012.

Tax Revenue Forecasting

On December 12, 2011, the Secretary of Administration and Finance and the House and Senate Ways and Means Committees conducted a hearing on state tax revenue estimates for fiscal 2013. The Commissioner of Revenue provided a forecast that fiscal 2013 tax revenue collections will be \$21.612 billion to \$21.763 billion, reflecting an actual growth of 2.7% to 3.2% from the projected fiscal 2012 revenues, and baseline growth of 4.4% to 4.9% from the fiscal 2012 forecasting base, which represents growth of \$560 million to \$683 million over projected fiscal 2012 revenues.

The Secretary of Administration and Finance and the Committees on Ways and Means also heard public testimony from economists and state budget experts from Northeastern University, the Massachusetts Taxpayers Foundation and the Beacon Hill Institute, who provided a range of forecasts for fiscal 2013 tax revenue collections, from \$21.447 billion to \$22.287 billion.

Fiscal 2010, Fiscal 2011 and Fiscal 2012 Tax Revenues

Fiscal 2011. Tax revenues for fiscal 2011, ended June 30, 2011, totaled approximately \$20.517 billion, an increase of approximately \$1.973 billion, or 10.6%, over the same period in fiscal 2010. The following table shows the tax collections for fiscal 2011 and the change from tax collections in the same period in the prior year, both in dollars and as a percentage. The table also notes the amount of tax collections in the same month that are dedicated to the MBTA and the MSBA.

The tax revenue increase of approximately \$1.973 billion for fiscal 2011 compared to fiscal 2010 is attributable, in large part, to an increase of approximately \$431.8 million, or 34.2%, in income tax payments with returns and extensions (mostly in April), an increase of approximately \$573.5 million, or 6.5%, in withholding

collections, an increase of approximately \$373.2 million, or 25.1%, in income tax estimated payments, a decrease of approximately \$101.3 million, or 6.7%, in income tax refunds, an increase of approximately \$293.1 million, or 6.4%, in sales and use tax collections, and an increase of approximately \$107.6 million, or 5.1%, in corporate and business tax collections. Fiscal 2011 tax collections were approximately \$732.6 million above the January 18, 2011 fiscal 2011 tax revenue estimate of \$19.784 billion, which was an upward revision from the consensus estimate used for the original fiscal 2011 budget (adjusted for the impacts of the economic development bill and the sales tax holidays in August, 2010).

Fiscal 2012. The fiscal 2012 budget approved by the Governor on July 11, 2011 assumes tax revenues of \$20.636 billion, reflecting the fiscal 2012 consensus tax estimate of \$20.525 billion which was adjusted for the impact of revenue initiatives enacted as part of the budget, most notably including a one-year delay of the FAS 109 deductions (\$45.9 million) and enhanced tax enforcement initiatives (\$61.5 million). On August 1, 2011, the Governor approved legislation establishing a sales tax holiday on August 13-14, 2011. The \$20.615 billion estimate also reflects the revenue loss impact from this two-day sales tax holiday, which is expected to be \$20.5 million.

Tax revenues for the first five months of fiscal 2012, ended November 30, 2011, totaled approximately \$7,879.1 billion, an increase of approximately \$356.2 million, or 4.7%, over the same period in fiscal 2011. The following table shows the tax collections for the first five months of fiscal 2012 and the change from tax collections in the same period in the prior year, both in dollars and as a percentage. The table also notes the amount of tax collections during the same four-month period that are dedicated to the MBTA and the MSBA.

The year-to-date tax revenue increase of approximately \$356.2 million through November 30, 2011 from the same period in fiscal 2011 is attributable, in large part, to an increase of approximately \$138.6 million, or 3.7%, in withholding collections, an increase of approximately \$57.5 million, 13.2%, in income cash estimated payments, an increase of approximately \$32.1 million, 19.4%, in income payments with returns and bills, an increase of approximately \$26.8 million, or 4.3%, in corporate and business collections, an increase of approximately \$16.7 million, or 0.8%, in sales and use tax collections, an increase of approximately \$32.7 million, or 35%, in estate collections. Year-to-date fiscal 2012 tax collections (through November) were approximately \$40.2 million above the year-to-date benchmark for the fiscal 2012 tax revenue estimate of \$21.010 billion, which was revised from \$20.615 billion by the Secretary of Administration and Finance on October 17, 2011. Federal and Other Non-Tax Revenues

On August 2, 2011, the President approved the Budget Control Act of 2011, which provides for between \$2.1 trillion and \$2.4 trillion of budgetary savings to the federal government over ten years. The first phase of federal spending reductions is to be implemented through \$917 billion in discretionary reductions. However,

specific details concerning these reductions, particularly how they may affect state budgets, have not yet been provided by the federal government. The Commonwealth will continue to assess how it may be affected by these reductions and will take appropriate measures to prepare for and manage their impacts.

Lottery Revenues. Fiscal 2011 Lottery operating revenues were \$976.5 million, resulting in a \$10 million deficit against \$986.5 million in commitments appropriated by the Legislature from the State Lottery Fund and the Arts Lottery Fund, including Lottery administrative expenses and appropriations for local aid to cities and towns. Fiscal 2011 Lottery contributions to local aid totaled \$802.2 million.

The fiscal 2012 budget assumes total transfers from the Lottery of \$986.5 million to fund various commitments appropriated by the Legislature from the State Lottery Fund and the Arts Lottery Fund, including Lottery administrative expenses, and \$809.8 million in appropriations for local aid to cities and towns, with the balance, if any, to be transferred to the General Fund for the general activities of the Commonwealth. For fiscal 2012, the State Lottery Commission is currently projecting net operating revenues of \$996.4 million to fund the assumed transfers.

Gaming. On November 22, 2011 the Governor approved legislation that would authorize the licensing of up to three regional resort casinos (one per region) and one slot facility (up to 1,250 slots) in the Commonwealth. The legislation would establish an appointed, independent state gaming commission to oversee the implementation of the law and the regulation of the resultant gaming facilities. Licensing fees collected by the commission would be applied to a variety of one-time state and local purposes, and gaming revenues received by the Commonwealth would be applied to a variety of ongoing expenses, including local aid and education, with stipulated percentages also deposited in the Stabilization Fund and applied to debt reduction. The legislation stipulates that initial licensing fees, which would be set by the gaming commission, must be at least \$85 million per casino and \$25 million for the slot facility. Neither the sponsors of the legislation nor the Executive Office for Administration and Finance have released any cost or revenue projections. The Commonwealth’s fiscal 2012 budget does not assume any revenue from expanded gaming.

Settlements and Judgments. The fiscal 2012 budget amended state finance law to provide that any one-time settlement or judgment amounting to \$10 million or more is to be deposited in the Stabilization Fund rather than used as miscellaneous revenue for the current fiscal year. Upon receiving a joint certification from the Commissioner of Revenue and the Attorney General that a state agency is in receipt of a one-time settlement or judgment for the Commonwealth in excess of \$10 million in any one fiscal year, the Comptroller is to transfer the proceeds of the settlement or judgment from the General Fund to the Stabilization Fund. Thus far in fiscal 2012, the

Comptroller has transferred \$81.4 million received on account of settlements and judgments. Such transfers are made on a bi-monthly basis.

Limitations on Tax Revenues

On September 27, 2011, the Department of Revenue certified that cumulative state tax revenues for fiscal 2011 exceeded the permissible state tax revenue limit set by Chapter 62F by approximately \$1.187 billion. Because \$9.0 million in Stabilization Fund investment income was transferred to the General Fund during fiscal 2011, per the fiscal 2011 General Appropriation Act, that same amount was transferred back to the Stabilization Fund before the remaining cumulative excess as of the end of fiscal 2011 was transferred back to the General Fund for inclusion in the consolidated net surplus.

Federal 1115 MassHealth Demonstration Waiver. The Commonwealth’s waiver expired on June 30, 2011, but the Commonwealth has received six successive one-month extensions from the Centers for Medicare and Medicaid Services while negotiations continue. The latest extension is expected to expire on December 31, 2011.

Office of Children, Youth, and Family Services. The first paragraph on page A-29 of the March Information Statement has been revised to read as follows: Through the Department of Transitional Assistance, the Commonwealth-funds three major programs of public assistance for eligible state residents: transitional aid to families with dependent children (TAFDC); emergency aid to the elderly, disabled and children (EAEDC); and the state supplemental benefits for residents enrolled in the federal supplemental security income (SSI) program. In addition, the Department is responsible for administering the entirely federally funded Supplemental Nutrition Assistance Program (SNAP, formerly food stamps), which provides food assistance to low-income families and individuals. Lastly, beginning in fiscal 2008, the Department established a new supplemental nutritional program, which provides small supplemental benefits to certain working families currently enrolled in the SNAP program.

PENSION AND OPEB FUNDING

Retirement Systems

On November 16, 2011, the Governor approved legislation containing pension reforms, including increasing the retirement ages, eliminating early retirement subsidies and increasing the period for average earnings from the highest three years to the highest five years for all new state employees who join a retirement system on or after April 2, 2012. The legislation is expected by the Executive Office for Administration and Finance to generate savings over the next 30 years estimated at more than \$3 billion for the Commonwealth and nearly \$2 billion for municipalities. These savings projections are not assumed in the revised pension funding schedule.

See the March Information Statement under the heading “PENSION AND OPEB FUNDING – Retirement Systems.”

Funding Schedule

The fiscal 2012 budget amended state law to extend the time period for amortizing the Commonwealth’s unfunded liability. Under the new law, the liability is to be amortized to zero by June 30, 2040. The fiscal 2012 budget also contains language requiring that pension funding amounts for fiscal 2012 through fiscal 2017 must be equal to or greater than the amounts for those years specified in the proposed funding schedule filed by the Secretary of Administration and Finance on January 18, 2011. See the March Information Statement under the heading “PENSION AND OPEB FUNDING – Funding Schedule.”

Actuarial Valuations

On September 30, 2011, pursuant to Chapter 32 of the Massachusetts General Laws, the Public Employee Retirement Administration Commission (PERAC) released its actuarial valuation of the Commonwealth’s total pension obligation as of January 1, 2011. This valuation was based on the plan provisions in effect at the time and is based on member data and asset information as of December 31, 2010. See the March Information Statement under the heading “PENSION AND OPEB FUNDING.”

The unfunded actuarial accrued liability as of that date for the total obligation was approximately \$18.589 billion, including approximately \$4.998 billion for the Massachusetts State Employees’ Retirement System (MSERS), \$11.773 billion for the Massachusetts Teachers’ Retirement System (MTRS), \$1.536 billion for Boston Teachers and \$282 million for cost-of-living increases reimbursable to local systems. The valuation study estimated the total actuarial accrued liability as of January 1, 2011 to be approximately \$64.219 billion (comprised of \$26.243 billion for MSERS, \$34.891 billion for MTRS, \$2.804 billion for Boston Teachers and \$282 million for cost-of-living increases reimbursable to local systems). Total assets were valued on an actuarial basis at

approximately \$45.631 billion based on a five-year average valuation method, which equaled 110% of the January 1, 2011 total asset market value.

The principal assumptions used in the valuation were an investment return assumption of 8.25% and a salary increase assumption based on Group and years of service. The ultimate salary increase rate is 4.5% for Groups 1 and 2, 5.0% for Groups 3 and 4, and 4.75% for teachers. The assumption is higher in early years of employment and grades down to the ultimate rate. All assumptions other than the investment return assumption are based on PERAC's most recent Experience Study Analysis for the State Retirement System, published in 2007 and the Massachusetts Teachers' Retirement System, published in 2008.

The Actuarial Cost Method which was used to determine pension liabilities in this valuation is known as the Entry Age Normal Cost Method. Under this method, the Normal Cost for each active member on the valuation date is determined as the level percent of salary, which, if paid annually from the date the employee first became a retirement system member, would fully fund by retirement, death, disability or termination, the projected benefits which the member is expected to receive. The Actuarial Liability for each member is determined as the present value as of the valuation date of all projected benefits which the member is expected to receive, minus the present value of future annual Normal Cost payments expected to be made to the fund. Since only active members have a Normal Cost, the Actuarial Liability for inactive, retirees, and survivors is simply equal to the present value of all projected benefits. The Unfunded Actuarial Liability is the Actuarial Liability less current assets.

The Normal Cost for a member will remain a level percent of salary for each year of membership, except for changes in provisions of the plan or the actuarial assumptions employed in projection of benefits and present value determinations. The Normal Cost for the entire system will also be changed by the addition of new members or the retirement, death, disability, or termination of members. The Actuarial Liability for a member will increase each year to reflect the additional accrual of Normal Cost. It will also change if the plan provisions or actuarial assumptions change.

Differences each year between the actual experience of the plan and the experience projected by the actuarial assumptions are reflected by adjustments to the Unfunded Actuarial Liability. An experience difference which increases the Unfunded Actuarial Liability is an Actuarial Loss and one which decreases the Unfunded Actuarial Liability is an Actuarial Gain.

The Actuarial Value of Assets is determined in accordance with the deferred recognition method under which 20% of the gains or losses occurring in the prior year are recognized, 40% of those occurring two years prior are recognized, etc., so that 100% of gains and losses occurring five years ago are recognized. This has the effect of smoothing the short-term volatility of market values over a five-year period. The actuarial value of assets will be adjusted, if necessary, in order to remain between 90% and 110% of market value. In valuations prior to 1998, plan assets were determined at market value. As part of the 1998 valuation, this methodology was adjusted to reduce the potential volatility in the market value approach from year to year. The actuarial value of assets as of January 1, 2011 is 110% of the market value (the 110% limit has applied as of January 1, 2009, 2010 and 2011). The unfunded actuarial liability decreased from \$20.0 billion on January 1, 2010 to \$18.6 billion on January 1, 2011. However, the unfunded liability is expected to increase in the ensuing years as remaining 2008 investment losses are recognized and the 90%-110% corridor no longer applies.

Annual Required Contributions

The following table sets forth the annual required contribution (ARC) by the Commonwealth under generally accepted accounting principles, its reimbursement to Boston for its payments to SBRS (the fiscal 2010 payment includes both the final payment in arrears and the first annual contribution under 2010 legislation described in the March Information Statement under the heading "PENSION AND OPEB FUNDING – Retirement Systems") and payments for municipal COLAs for each of the fiscal years indicated. The ARC is determined annually based on the most recent Commonwealth valuation. Valuations have been performed annually since January 1, 2000. As noted in the March Information Statement under the heading "PENSION AND OPEB FUNDING – Funding Schedule," the Commonwealth also develops a revised funding schedule by statute at least every three years, and the Commonwealth made the full contribution required, under the then-current funding schedule, for each year displayed in the table. The prior funding schedule was filed in February, 2009 and based on valuation results as of January 1, 2008. Since the funding schedule can be several years old when the ARC is determined, the funding schedule information lags the more current ARC information except in the year in which the funding schedule is developed. Accordingly, in some years the ARC will exceed the contribution made and in other years the

contribution made will exceed the ARC. Due to significant investment losses in 2008, the unfunded liability (and therefore the ARC) increased significantly for fiscal 2009. However, the funding schedule was based on the 2008 valuation before the market downturn. This accounts for the discrepancy between the ARC and contributions made in fiscal 2009. In fiscal 2010 the discrepancy is accounted for by the market downturn and the double payment to SBRS described above. As noted in the March Information Statement under the heading “PENSION AND OPEB FUNDING – Funding Schedule,” in January, 2011, a revised Commonwealth schedule was filed that extended the amortization period to 2040.

PRIT Fund Investments

The PRIM Board’s overall investment performance goal is to achieve an annual rate of return that exceeds the targeted actuarial rate of return used in determining the Commonwealth’s pension obligations (currently 8.25%). The investment policy statement adopted by the PRIM Board requires a comprehensive review of the PRIM Board’s asset allocation plan and its underlying assumptions at reasonable intervals of not more than three to five years. In addition, the investment policy statement requires that the PRIM Board conduct an annual evaluation of the PRIT

Fund's asset allocation. The PRIM Board's last comprehensive review of the PRIT Fund asset allocation was conducted in the beginning of fiscal 2011.

In addition to asset allocation diversification, the PRIM Board seeks to diversify the PRIT Fund by choosing complementary investment styles and strategies within asset classes. The PRIM Board also develops detailed investment guidelines for each investment manager to ensure that portfolios are adequately diversified at the individual manager level.

The PRIT Fund's asset allocation plan currently uses the following categories of investments (the description is as of June 30, 2011):

Domestic Equity. Domestic Equity constitutes 22% of the PRIT Fund portfolio, approximately 23% of which is invested using a large capitalization stock strategy (two active managers), with the remaining 77% invested under a Russell 3000 index strategy (one passive manager). The portfolio is style neutral as between growth- and value-oriented stocks.

International Equity. International Equity constitutes 22% of the PRIT Fund portfolio which is allocated to one passively managed account (which comprises 44% of the portfolio) and four actively managed accounts (56% of the portfolio). The PRIM Board maintains a target weighting of 50% passive and 50% active for the international equity portfolio. The primary strategy for this portfolio is investing in companies in developed market, industrialized nations outside of the United States.

Emerging Markets. Emerging Markets constitutes 7% of the PRIT Fund portfolio, which is allocated to three active managers (which comprise about 76% of the emerging market portfolio) and one passive manager (24%). Since May, 2010, the PRIM Board has targeted a weighting of 75% active and 25% passive for this portfolio.

Core Fixed Income. Core Fixed Income constitutes 13% of the PRIT Fund portfolio, which is invested in corporate, government and mortgage-backed securities in the investment grade bond market (37% active, 36% passive). Approximately 13% is invested in global inflation linked bonds, and approximately 10% in U. S. Treasury Inflation Protected Securities. The balance of the portfolio (4%) contains investments under the PRIM Board's economically targeted investment (ETI) program.

Value-Added Fixed Income. Value Added Fixed Income constitutes 6% of the PRIT Fund portfolio, which is invested in distressed debt (44%), high-yield bonds (24%), emerging markets debt (23%) and bank loans (9%).

Private Equity. Private Equity constitutes 11% of the PRIT Fund portfolio. Two components comprise the private equity portfolio: venture capital (early-stage and multi-stage) and special equity partnerships (large market buyout, middle market buyout, and growth equity). These private market investments are illiquid and typically have 10- to 15-year life cycles. The portfolio is highly diversified at the underlying portfolio company level.

Real Estate. Real estate holdings constitute 8% of the PRIT Fund portfolio, which consists of directly-owned properties (73%) and real estate investment trusts (27%).

Timber/Natural Resources. Timber/Natural Resources constitutes 4% of the PRIT Fund portfolio, which is invested in both timberland investments (52%), and natural resource-oriented companies (48%) such as oil, mining and energy companies.

Hedge Funds. Hedge Funds constitute 7% of the PRIT Fund portfolio. This portfolio has investments in five active hedge funds of funds managers and one residual liquidating portfolio.

Other Post-Retirement Benefit Obligations (OPEB)

The fiscal 2012 budget provides that 10% of all tobacco settlement payments received by the Commonwealth in fiscal 2013 are to be deposited in the State Retiree Benefits Trust Fund, with the amount of payments to be deposited increasing by 10 percentage points in each succeeding year until the amount to be deposited reaches 100% of the payments. See “COMMONWEALTH REVENUE AND EXPENDITURES – Federal and Other Non-Tax Revenues; *Tobacco Settlement*” and the March Information Statement under the heading “PENSION AND OPEB FUNDING – Other Post-Retirement Benefit Obligations (OPEB).”

STATE WORKFORCE

Unions and Labor Negotiations

Concessions made by most state collective bargaining units to help the Commonwealth manage through the fiscal challenges caused by the recession over the last couple of years included delaying wage increases to which the Commonwealth had previously agreed by one year. If tax revenue collections exceeded certain thresholds, however, then the wage increases would be delayed by six months instead of one year. In either case, the delay of the wage increases results in permanent annual savings to the Commonwealth of tens of millions of dollars.

Fiscal year 2011 tax revenue collections exceeded the threshold in the collective bargaining agreements that triggers a six-month wage increase delay for fiscal years 2011 and 2012 instead of a one-year delay. Because the fiscal year 2011 and fiscal year 2012 budgets had been based on tax revenue estimates that were below the

threshold, those budgets did not fund the additional costs associated with a six-month delay instead of a one-year delay. The Executive Office of Administration estimates that the potential aggregate additional cost resulting from tax revenues exceeding the threshold is \$110 million for fiscal years 2011 and 2012 combined. As a result of the fact that this cost was not anticipated and is not budgeted, the Executive Office of Administration and Finance has been negotiating with state collective bargaining units to amend the collective bargaining agreements to eliminate the provisions that allow the delayed wage increases to be accelerated by six months in exchange for a two-year extension of the existing collective bargaining agreements. Several of the Commonwealth's largest employee unions have already agreed to the contract amendments and negotiations are continuing with the other unions. At this point, the Executive Office of Administration and Finance does not plan to seek supplemental appropriations to fund any costs associated with the provisions providing for a six-month acceleration of the delayed wage increases previously negotiated.

See the March Information Statement under the heading "STATE WORKFORCE – Unions and Labor Negotiations."

CASH FLOW

On September 6, 2011, the State Treasurer and the Secretary of Administration and Finance released cash flow statements for fiscal 2011 and fiscal 2012. On December 1, 2011, the State Treasurer and the Secretary of Administration and Finance released a revised cash flow statement for fiscal 2012. The September 6, 2011 cash flow statement for fiscal 2011 and the December 1, 2011 cash flow statement for fiscal 2012 are summarized in the tables below.

The next cash flow statement is expected to be released on or about February 29, 2012. See the March Information Statement under the heading "FISCAL 2011 AND FISCAL 2012 – Cash Flow."

Debt Service Requirements

The following table sets forth, as of June 30, 2011, the annual fiscal year debt service requirements on outstanding Commonwealth general obligation bonds, special obligation bonds and federal grant anticipation notes. For variable-rate bonds with respect to which the Commonwealth is a fixed-rate payor under an associated interest rate swap agreement, the debt service schedule assumes payment of the fixed rate due under such agreement. For other variable-rate bonds, the schedule assumes a 5% interest rate.

Budgetary Contract Assistance Liabilities

City of Chelsea Commonwealth Lease Revenue Bonds. In November, 1993, the Chelsea Industrial Development Financing Authority issued approximately \$95.8 million of lease revenue bonds. The proceeds of the bonds were loaned to the Massachusetts Industrial Finance Agency (now MassDevelopment) and applied to the cost of the Massachusetts Information Technology Center, a tax and data processing facility of the Department of Revenue and certain other departments and agencies of the Commonwealth. The bonds bore interest at a variable rate, and under two interest rate swap agreements that were entered into at the time with Lehman Brothers Special Financing, Inc. (LBSF), MassDevelopment received variable rate payments with respect to the bonds and was obligated to make fixed rate payments in exchange therefor. Simultaneously with the issuance of the bonds, the Commonwealth entered into a 30-year lease, which provided for the payment of debt service on the bonds, including swap related payments, and certain other expenses associated with the project. In September, 2008, LBSF and its parent, Lehman Brothers Holdings Inc. (LBHI), filed for bankruptcy. In December, 2008, the bonds were refinanced by the Commonwealth through the issuance of general obligation debt, and the Commonwealth made a \$2.3 million payment to LBSF to terminate the swap agreements. In May, 2010, LBHI advised the Executive Office for Administration and Finance that it calculated the termination value to be approximately \$13.7 million. In June, 2011, LBHI issued a subpoena to the Executive Office for Administration and Finance relating to the termination of the swap agreements. Any obligation of the Commonwealth with respect to this termination does not constitute a general obligation or a pledge of the credit of the Commonwealth or of MassDevelopment and is subject to appropriation by the Legislature.

COMMONWEALTH CAPITAL INVESTMENT PLAN

In November, 2011, the Governor released a five-year capital investment plan for fiscal 2012 through fiscal 2016, totaling over \$17.3 billion. With the release of the plan, the Governor announced that the bond cap is expected to be \$1.75 billion for fiscal 2012, plus \$148 million in unused bond cap from fiscal 2011 which has been carried forward to support spending in fiscal 2012. The bond cap for fiscal 2013 is projected to be \$1.875 billion, and is projected to increase by \$125 million in each subsequent fiscal year through fiscal 2016.

The following table shows the annual bond cap, the resulting estimated total annual debt service payment obligations and the estimated debt service as a percentage of estimated budgeted revenues, all as presented in the debt affordability analysis released in November, 2011.

	Bond Cap (in thousands)

In terms of funding from the U.S. government for surface transportation and transit projects, the 2005 multi-year national highway bill - Safe, Accountable, Flexible, Efficient Transportation Equity Act - A Legacy for Users (SAFETEA-LU) - expired in 2009. Since then, the authorization for federal transportation programs (as funded by 14.1¢ of the 18.4¢ in federal gasoline taxes and 20.1¢ of the 24.4¢ in federal diesel taxes) has been extended several times, most recently on September 19, 2011 until March 31, 2012. The U. S. Congress will need to continue passing additional continuing resolutions, or perhaps several short-term measures, to keep surface transportation programs funded until such time as a new highway bill is enacted. Ideally, a new, multi-year highway reauthorization bill will be passed which will allow for multi-year contracts to be extended which is critical for large surface transportation infrastructure projects to be undertaken and completed.

The U. S. Senate and the U. S. House of Representatives are currently considering conflicting proposals for the long-term reauthorization of the program. The Senate is proposing a two-year extension at existing funding levels, which would require approximately \$12 billion in additional federal revenues, either through a revenue increase or a reallocation of budget authority from other programs. The House is proposing a six-year extension funded from existing revenue streams, which would translate into a reduction of approximately 30% in federal transportation funding.

The Commonwealth is monitoring these developments and developing contingency plans for each.

For the table in the March Information Statement captioned “Capital Investment Plan – Sources of Funds,” the forecast for federal funding was based on level funding from the prior year.

See the March Information Statement under the heading “COMMONWEALTH CAPITAL INVESTMENT PLAN.”

LEGAL MATTERS

Matters described in the March Information Statement under the heading “LEGAL MATTERS” are updated as follows:

Programs and Services

Rosie D., et al. v. The Governor, United States District Court, Western Division. MassHealth estimates that its implementation of program changes in compliance with the Remedy Order will increase its costs, including administrative costs, by approximately \$215 million annually.

Disability Law Center, Inc. v. Massachusetts Department of Correction et al., United States District Court. In December, 2011, the parties entered into a settlement agreement, which is subject to court approval. In order to implement the terms of the settlement, the Department of Corrections will need to hire additional staff at a cost of approximately \$5.6 million per year.

Finch, et al. v. Commonwealth Health Insurance Connector Authority, et al. On May 6, 2011, the Supreme Judicial Court held that the Massachusetts statute limiting the eligibility of many aliens for Commonwealth Care constitutes a suspect classification that is subject to strict scrutiny under the Massachusetts Constitution. The Court did not reach the question whether this restriction on Commonwealth Care eligibility would satisfy strict scrutiny, but remanded the matter to a single justice of the Supreme Judicial Court for further proceedings. After briefing by the parties, the single justice reported the matter to the full court without decision. The Commonwealth argues that the challenged statutes are narrowly tailored to serve the compelling governmental interest of furthering national immigration policy, and therefore do not violate the equal protection provisions of the Massachusetts Constitution. Plaintiffs contend that the statutes do not pass muster under strict scrutiny. The Supreme Judicial Court held oral argument on this remaining issue on October 6, 2011. The case is currently under advisement.

Connor B., ex rel. Vigurs, et al. v. Patrick, et al., United States District Court, Western Division. On September 6, 2011, the defendants moved to decertify the class on the basis of *Wal-Mart Stores, Inc. v. Dukes*, 131 S.Ct. 2541 (2011), but this motion was denied on November 10, 2011.

Massachusetts Community College Council, Inc., et al. v. Board of Higher Education, et al., Suffolk County Superior Court. In July, 2011, the complaint was amended to name additional defendants, namely the boards of trustees of several community colleges. While the case is not a class action, if the plaintiffs prevail, it is expected that the Commonwealth would likely make similarly situated persons eligible for coverage or contribution. If plaintiffs obtain rights to enroll in GIC health care coverage, those who would become eligible for enrollment in GIC health insurance coverage might also successfully argue for pension benefits in a separate, subsequent proceeding. It is not possible, at this time, to accurately estimate the costs that would be incurred if the plaintiffs prevail, but it appears that funding for any health care coverage for the individual plaintiffs as a result of this action would be from funds controlled by the board of trustees of each community college employing a plaintiff. The state law governing community colleges provides that the division of continuing education is to be run at no expense to the Commonwealth.

Medicaid Audits and Regulatory Reviews

In re: Centers for Medicare and Medicaid Services regulations (Uncompensated Care Pool/Health Safety Net Trust Fund). By the end of pool fiscal year 2012 the Commonwealth will have collected an estimated \$5.157 billion in acute hospital assessments since 1990 and an estimated \$2.037 billion in surcharge payments since 1998.

In re: Disallowance of 2005 MassHealth acute hospital supplemental payments. In February 2011, CMS sent EOHHS a Notice of Disallowance of \$25,543,963 in FFP for payments to UMMHC. EOHHS filed a Request for Reconsideration with the U.S. Department of Health and Human Services on March 31, 2011.

Boston Medical Center Corp. and Boston Medical Center Health Plan, Inc. v. Secretary of the Executive Office of Health and Human Services, Suffolk Superior Court. Plaintiffs have appealed to the Massachusetts Appeals Court, and their appellate brief was filed on September 30, 2011. Boston Medical Center's appeal and Holyoke Medical Center's appeal (see below) were consolidated. The Commonwealth's consolidated brief was filed on October 28, 2011.

Holyoke Medical Center, Inc., et al. v. Secretary of the Executive Office of Health & Human Services, Suffolk Superior Court. Plaintiffs have appealed to the Massachusetts Appeals Court, and their appellate brief was filed on September 30, 2011. Holyoke Medical Center's appeal and Boston Medical Center's appeal (see above) were consolidated. The Commonwealth's consolidated brief was filed on October 28, 2011.

Taxes

Feeney, et al. v. Dell, Inc. v. Commissioner of Revenue, Middlesex Superior Court. On November 3, 2011, the Superior Court denied Dell's renewed motion to dismiss. Subsequently, the Appeals Court granted Dell's request to consider an interlocutory appeal from that ruling; the appeal is now pending on the Appeals Court's docket.

Vodafone Americas, Inc. v. Commissioner of Revenue, Appellate Tax Board. In June, 2011, the parties entered into a broad settlement of these and other issues in this dispute, requiring the Commonwealth to issue a refund to Vodafone in the amount of approximately \$170,000.

Other Revenues

Commonwealth of Massachusetts v. Philip Morris Inc., RJ Reynolds Tobacco Company, Lorillard Tobacco Company, et al., Supreme Judicial Court, Middlesex Superior Court (a/k/a the Tobacco Master Settlement Agreement, Nonparticipating Manufacturer ("NPM") Adjustment Dispute)(2003 NPM Adjustment). On November 3, 2011, the manufacturers advised the arbitrators that Massachusetts was one of 14 states and territories whose claims of "diligence" were no longer being contested. Since the December 5, 2011 deadline for any state to challenge the claim of another state has passed, Massachusetts's claim to its allocable share of the 2003 NPM Adjustment is no longer in dispute. Massachusetts can expect to receive approximately \$30 million withheld by certain manufacturers from the payment due April 15, 2006. Due to certain reallocation provisions of the MSA and orders entered by the arbitration panel, Massachusetts cannot expect to receive this money before 2013, after resolution of the contested states' claims by the arbitration panel. Those hearings will begin in May, 2012 and are not expected to be concluded before the end of calendar year 2012.

Grand River Enterprises Six Nations, Ltd. v. William Pryor, et al., United States District Court, New York. The court has granted the states' summary judgment motion on all counts, prompting the plaintiff to file a motion for reconsideration and a notice of appeal with the United States Court of Appeals for the Second Circuit.

Sandra Murphy, et al. v. Massachusetts Turnpike Authority, Supreme Judicial Court. Plaintiffs' motion for direct appellate relief was allowed on May 25, 2011. Plaintiffs' initial brief and the Turnpike Authority's brief have both been filed with the court. Plaintiffs have until December 16, 2011 to file any reply brief. Oral argument has not yet been scheduled.

Carol Surprenant v. Massachusetts Turnpike Authority, Massachusetts Port Authority, and Massachusetts Department of Transportation. United States District Court. The Plaintiff has voluntarily dismissed her appeal, and a judgment of dismissal was entered on August 4, 2011.

Environment

National Association of Government Employees v. Commonwealth, Suffolk Superior Court, and *Association of County Employees v. McDonald*, Plymouth Superior Court. Although the Supreme Judicial Court's opinion in *Boston Housing Auth. v. National Conf. of Firemen & Oilers, Local 3*, held evergreen clauses to be generally invalid, the recently enacted Chapter 198 of the Acts of 2011 revived certain ones.

Other

Perini Corp., Kiewit Construction Corp., Jay Cashman, Inc. d/b/a Perino-Kiewit-Cashman Joint Venture v. Commonwealth. In several related cases and potential litigation, plaintiffs make claims for alleged increased costs arising from differing site conditions and other causes of delay on the Central Artery/Ted Williams Tunnel project. Plaintiffs have asserted claims in excess of \$160 million. These claims are at various stages of resolution, including

the Superior Court and the Central Artery Tunnel Project Dispute Review Board (“DRB”) panel. The DRB has issued decisions on some of the claims, awarding plaintiffs approximately \$69.6 million on claims of approximately \$102.8 million. Those decisions are now the subject of further court proceedings. Plaintiffs also still have in excess of \$62 million in claims pending.

In May, 2011, the Massachusetts Appeals Court upheld the award of approximately \$5 million in post-award interest on two DRB awards and the Supreme Judicial Court denied the Commonwealth’s request for further appellate review of that decision.

Local 589, Amalgamated Transit Union, et al. v. Commonwealth of Massachusetts, et al., Suffolk Superior Court. On April 13, 2011, the Superior Court (a) approved the voluntary filing of an amended complaint by plaintiffs that had the effect of dropping the pension claims from the case, and (b) entered summary judgment for the Commonwealth on the remaining health-insurance claims. The plaintiffs have appealed the entry of summary judgment on the health-insurance claims, and the Superior Court is in the process of assembling the appellate record.

In November, 2011, the Legislature enacted Chapter 189 of the Acts of 2011, which amends the 2009 transportation reform legislation to allow the MBTA to engage in collective bargaining over supplemental health insurance coverage that provides benefits above and beyond that provided by the Group Insurance Commission.

OPEIU, Local 6 and the Massachusetts Trial Court. In April, 2011, the Governor signed a supplemental budget containing a \$30 million appropriation to the Trial Court that will be applied toward the arbitration award. OPEIU, Local 6 has since agreed to dismiss the Superior Court action.

New Legal Matters

The matters described below commenced after the March Information Statement was published.

Disability Policy Consortium, Inc., et al v. Commonwealth of Massachusetts. United States District Court. On July 26, 2011, the Disability Policy Consortium, Inc. (DPC) and eight individuals, claiming to be “qualified individuals” within the definition of the Americans with Disabilities Act Title II (ADA) and Section 504 of the Rehabilitation Act, filed suit in federal district court alleging that MassHealth does not meet its obligations under the ADA and Section 504 of the Rehabilitation Act. Plaintiffs claim that MassHealth forms, materials and other information are not accessible to persons with visual, hearing or other developmental/cognitive disabilities and that MassHealth has failed to provide plaintiffs reasonable accommodations required under the ADA and other federal laws so that they can access services, complete forms, and access notices, bills and other materials. Plaintiffs also allege that MassHealth’s violations of the ADA and the Rehabilitation Act are intentional and longstanding. Plaintiffs seek injunctive relief, money damages and reasonable attorney’s fees and costs. Defendant has filed an answer and the matter is now in the discovery phase.

Administrative proceeding regarding challenge to MassHealth’s payment system for acute hospital outpatient services. A total of 60 petitioners have filed claims for administrative hearings before the MassHealth Board of Hearings (BOH), challenging MassHealth’s former Ambulatory Payment Group (APG) payment system for acute hospital outpatient services. The petitioners generally claim that there were errors in the payment system that resulted in incorrect payments to the petitioners, and that MassHealth’s efforts to correct those errors through a “parallel system” were ineffective and continued to result in incorrect payments from October, 1997 through December, 2003. While a number of these petitioners had entered into settlements regarding payments for services provided from October, 1997 through December, 2000, the administrative appeals of all 60 petitioners involve payments for the period 2001 through 2003, and for some of those petitioners the appeals involve payments for the entire time period. Five of the 60 petitioners had filed complaints in Superior Court in 2005. The Superior Court actions were stayed in 2007 and remanded to BOH. The current BOH hearing began on November 6, 2008 and is ongoing. During the course of these proceedings, MassHealth agreed to rerun and reprice the disputed claims, the results of which may form the basis for a potential global settlement. Of the 60 petitioners that filed claims regarding incorrect payments from the former APG system, only five petitioners have proposed a specific written dollar settlement associated with those claims. The aggregate dollar settlement amount proposed by only those petitioners is approximately \$10.4 million. The dollar amount associated with the claims made by the rest of the petitioners could be significantly more.

Home Depot U.S.A., Inc. v. Commissioner of Revenue, Appellate Tax Board. On or about October 13, 2011, Home Depot USA filed a withdrawal with prejudice at the Appellate Tax Board. The Commissioner retained the entire amount at issue.

Potential suit asserting a sales/use tax abatement claim. This matter involves a tax abatement claim in the amount of \$21.8 million filed as a result of a class action suit against the taxpayer. This matter has not been filed with the Appellate Tax Board.

Potential suit asserting corporate excise/public utilities (M.G.L. c. 63) abatement claims. The taxpayer and related entities have filed amended returns/abatements seeking \$96 million. This matter has not yet been filed with the Appellate Tax Board.

Slater et al. v. Harold W. Clarke et al., United States District Court, Washington, and United States Court of Appeals for the Ninth Circuit (interlocutory appeal). Plaintiffs in this civil suit seek damages and injunctive and declaratory relief from a number of Massachusetts defendants, including current or former employees of the Department of Correction, the Commonwealth Fusion Center, the Executive Office of Public Safety and Security, and the Worcester County District Attorney's Office, in connection with the murders of Beverly and Brian Mauck, in Washington State, by Daniel Tavares, a former Massachusetts inmate. Plaintiffs allege that Massachusetts officials improperly and prematurely released Tavares from Massachusetts custody and that, after Tavares fled to Washington State, Massachusetts officials failed to extradite Tavares, knowing that he posed a danger to Washington residents.

Plaintiffs voluntarily dismissed the suit against the former Commissioner of the Department of Correction, Harold W. Clarke. The remaining defendants moved to dismiss the complaint on the grounds of lack of personal jurisdiction, absolute prosecutorial immunity, qualified immunity, and failure to state a claim upon which relief may be granted. The court dismissed the case against William Lochrie, an employee of the Department of Correction Office of Investigative Services, for lack of personal jurisdiction. The court denied the motions to dismiss of the remaining defendants with respect to personal jurisdiction and absolute immunity. The court has yet to rule on the remaining issues raised in defendants' motions to dismiss. Defendants filed a notice of interlocutory appeal to the Ninth Circuit Court of Appeals on the issues of personal jurisdiction and absolute immunity. The appeal has been docketed and remains pending.

Consolidated Loan of 2011, Series E
(the "Bonds")
Dated Date of Delivery

We have acted as bond counsel to The Commonwealth of Massachusetts (the "Commonwealth") in connection with the issuance by the Commonwealth of the above-referenced Bonds. In such capacity, we have examined the law and such certified proceedings and other papers as we have deemed necessary to render this opinion.

As to questions of fact material to our opinion we have relied upon representations and covenants of the Commonwealth contained in the certified proceedings and other certifications of public officials furnished to us, without undertaking to verify the same by independent investigation.

Based on our examination, we are of the opinion, under existing law, as follows:

1. The Bonds are valid general obligations of the Commonwealth and the full faith and credit of the Commonwealth are pledged for the payment of the principal of and interest on the Bonds. It should be noted, however, that Chapter 62F of the General Laws of the Commonwealth establishes a state tax revenue growth limit and does not exclude principal and interest payments on Commonwealth debt obligations from the scope of the limit.

2. Interest on the Bonds is excluded from the gross income of the owners of the Bonds for federal income tax purposes. In addition, interest on the Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes. However, such interest is included in adjusted current earnings when calculating corporate alternative minimum taxable income. In rendering the opinions set forth in this paragraph, we have assumed compliance by the Commonwealth with all requirements of the Internal Revenue Code of 1986 that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, and continue to be, excluded from gross income for federal income tax purposes. The Commonwealth has covenanted to comply with all such requirements. Failure by the Commonwealth to comply with certain of such requirements may cause interest on the Bonds to become

included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. We express no opinion regarding any other federal tax consequences arising with respect to the Bonds.

3. Interest on the Bonds is exempt from Massachusetts personal income taxes and the Bonds are exempt from Massachusetts personal property taxes. We express no opinion regarding any other Massachusetts tax consequences arising with respect to the Bonds or any tax consequences arising with respect to the Bonds under the laws of any state other than Massachusetts.

This opinion is expressed as of the date hereof, and we neither assume nor undertake any obligation to update, revise, supplement or restate this opinion to reflect any action taken or omitted, or any facts or circumstances or changes in law or in the interpretation thereof, that may hereafter arise or occur, or for any other reason.

The rights of the holders of the Bonds and the enforceability of the Bonds may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

To the extent permitted by law, any such owner shall have the right, for the equal benefit and protection of all owners of Bonds, by mandamus or other suit or proceeding at law or in equity, to enforce its rights against the Commonwealth and to compel the Commonwealth and any of its officers, agents or employees to perform and carry out their duties under the foregoing provisions as aforesaid, provided; however, that the sole remedy in connection with such undertakings shall be limited to an action to compel specific performance of the obligations of the Commonwealth in connection with such undertakings and shall not include any rights to monetary damages. December 14, 2011

NOTICE IS HEREBY GIVEN that electronic bids will be received by Steven Grossman, Treasurer and Receiver-General of The Commonwealth of Massachusetts (the “State Treasurer”), for the purchase of General Obligation Bonds, Consolidated Loan of 2011, Series E (the “Bonds”), of The Commonwealth of Massachusetts (the “Commonwealth”) to be sold in an aggregate principal amount of \$400,000,000. Bids for the purchase of the Bonds will be submitted via Parity. No other method of submitting bids will be accepted. The bids will be received via Parity up to the time described below under the captions “Time” and “Procedures for Electronic Bidding.”

The Bonds will constitute general obligations of the Commonwealth, and the full faith and credit of the Commonwealth are pledged to the payment of the principal of and interest on the Bonds. The Preliminary Official Statement referred to below contains certain information regarding statutory limits on state tax revenue growth and on expenditures for debt service and should be read in conjunction herewith.

Time. Bids will be received by the Commonwealth via Parity at 10:30 a.m. (Boston time) on December 20, 2011 (subject to the provisions described below under the caption “Procedures for Electronic Bidding”) or at such later date and/or other time as shall be established by the State Treasurer and communicated on Thomson Municipal Market Monitor News (www.tm3.com) (“TM3”), as described herein under the caption “Postponement.” If no legal bid or bids are received for the Bonds on December 20, 2011, an alternative date and time may be designated by the State Treasurer and communicated on TM3.

Details of the Bonds. The Bonds will be dated and bear interest, calculated on the basis of 30-day months and a 360-day year, from the date of delivery, at the rate per annum per maturity specified by the successful bidder, payable semiannually on June 1 and December 1 in each year until maturity, beginning June 1, 2012. 2027	40,000,000

The Bonds will be issued as serial bonds or a combination of serial bonds and term bonds (the “Term Bonds”) in accordance with the bid submitted by the successful bidder (see “Bidding Parameters” below).

The Bonds will be issued by means of a book-entry-only system evidencing ownership therein, in principal amounts of \$5,000 or integral multiples thereof, and transfer thereof on the records of The Depository Trust Company ("DTC") and its participants. The book-entry-only system is more fully described in the Preliminary Official Statement.

Redemption. The Bonds will be subject to redemption on any date prior to their stated maturity dates on and after December 1, 2019 at the option of the Commonwealth from any moneys legally available therefor, in whole or in part at any time, by lot, at 100% of the principal amount thereof, plus accrued interest to the redemption date.

Bidding Parameters. Bids must be for all of the Bonds offered and must offer to pay an aggregate price for all maturities of not less than 100% of the aggregate principal amount of the Bonds.

Bids may provide for all the Bonds to be issued as serial bonds only, or may designate consecutive annual principal amounts (bearing interest at the same rate) to be combined into no more than two Term Bonds. The Bonds will be issued as serial bonds or as serial bonds and Term Bonds in accordance with the bid submitted by the successful bidder. Bonds issued as Term Bonds shall be subject to mandatory sinking fund redemption commencing on December 1 of the first year in which maturities have been combined to form such Term Bond and continuing on December 1 in each year thereafter until the stated maturity date of such Term Bond.

Bids must state a single fixed interest rate for the Bonds of each maturity. The rate of interest stated for any given maturity shall be in a multiple of one-twentieth or one-eighth of one percent per annum. No maturity may have an interest rate of more than 5.00%. The highest such interest rate specified for a maturity and the lowest interest rate specified for any other maturity may not differ by more than two percentage points.

Bids may not include any conditions not otherwise expressly provided for herein.

Procedures for Electronic Bidding. A prospective electronic bidder must register electronically to bid for the Bonds via Parity pursuant to this Official Notice of Sale. By submitting its bid for the Bonds, a prospective bidder represents and warrants to the Commonwealth that such bidder's bid for the purchase of the Bonds is submitted for and on behalf of such prospective bidder by an officer or agent who is duly authorized to bind the prospective bidder to a legal, valid and enforceable contract for the purchase of the Bonds.

Each prospective electronic bidder shall be solely responsible to register to bid via Parity. Each qualified prospective electronic bidder shall be solely responsible to make necessary arrangements to access Parity for the purpose of submitting its bid in a timely manner and in compliance with the requirements of this Official Notice of Sale. Neither the Commonwealth nor Parity shall have any duty or obligation to undertake such registration to bid for any prospective bidder or to provide or assure such access to any qualified prospective bidder, and neither the Commonwealth nor Parity shall be responsible for a bidder's failure to register to bid or for proper operation of, or have any liability for any delays or interruptions of, or any damages caused by Parity. The Commonwealth is using Parity as a communication mechanism, and not as the Commonwealth's agent, to conduct the electronic bidding for the Bonds. The Commonwealth is not bound by any advice and determination of Parity to the effect that any particular bid complies with the terms of this Official Notice of Sale. All costs and expenses incurred by prospective bidders in connection with their registration and submission of bids via Parity are the sole responsibility of the bidders, and the Commonwealth is not responsible, directly or indirectly, for any such costs or expenses. To the extent that any instructions or directions set forth in Parity conflict with this Official Notice of Sale, the terms of this Official Notice of Sale shall control. If a prospective bidder encounters any difficulty in registering to bid or submitting, modifying or withdrawing a bid for the Bonds, such bidder should telephone Parity's new issues desk at (212) 849-5021 and notify the Commonwealth's financial advisor, Public Financial Management, Inc., by facsimile at (617) 951-2361.

Electronic bids must be submitted for the purchase of the Bonds (all or none) via Parity by 10:30 a.m. (Boston time) on Tuesday, December 20, 2011. Bids submitted after such time will not be deemed received via Parity for the purposes of this bidding process. Bids will be communicated electronically to the Commonwealth at 10:30 a.m. (Boston time), on Tuesday, December 20, 2011. Prior to that time, an eligible prospective bidder may (i) input the proposed terms of its bid via Parity, (ii) modify the proposed terms of its bid, in which event the proposed terms as last modified will (unless the bid is withdrawn as described herein) constitute its bid for the Bonds, or (iii) withdraw its proposed bid. Once the bids are communicated electronically via Parity to the Commonwealth, each

bid will constitute an irrevocable offer to purchase the Bonds on the terms therein provided. For purposes of the electronic bidding process, the time as maintained on Parity shall constitute the official time. For information purposes only, bidders are requested to state in their bids the true interest cost to the Commonwealth, as described under “Basis of Award” set forth below, represented by the rate or rates of interest and the bid price specified in their respective bids.

Good Faith Deposit. Upon notification from the Commonwealth, the successful bidder shall wire transfer to the State Treasurer an amount equal to 1% of the aggregate principal amount of the Bonds (the “Good Faith Deposit”), in immediately available funds, no later than 1:00 p.m. (Boston time) on the bid date. In the event that the State Treasurer has not received such funds by the time stated, the State Treasurer may revoke his acceptance of the bid. No interest on the Good Faith Deposit will accrue to the successful bidder. The Good Faith Deposit will be applied to the purchase price of the Bonds. If the successful bidder fails to honor its accepted bid, the Good Faith Deposit will be retained by the Commonwealth.

Basis of Award. The Bonds will be awarded to the bidder offering to purchase all of the Bonds at the lowest true interest cost (TIC) to the Commonwealth. The TIC (expressed as an annual interest rate) will be determined as being twice that factor or discount rate, compounded semi-annually, which, when applied against each semi-annual debt service payment (interest, or principal and interest, as due) for the Bonds, will cause the sum of such discounted semi-annual payments to be equal to the total purchase price. The TIC shall be calculated from the expected settlement date of the Bonds, December 28, 2011.

The Commonwealth reserves the right to reject any or all proposals and to waive any irregularity or informality with respect to any proposal. Any award by the State Treasurer to a successful bidder is subject to the approval of the Governor.

Official Statement. The Preliminary Official Statement dated December 14, 2011, and the information contained therein have been deemed final by the Commonwealth as of its date within the meaning of Rule 15c2-12 of the Securities and Exchange Commission (“Rule 15c2-12”) with permitted omissions, but are subject to change without notice and to completion or amendment in the Official Statement in final form (the “Final Official Statement”). The Preliminary Official Statement may be viewed and downloaded from the Commonwealth’s website: www.mass.gov/treasury/debt.

The Commonwealth will make available to the successful bidder, within seven (7) business days of the date of sale but no later than two (2) business days prior to the settlement, a reasonable number of copies of the Final Official Statement for delivery (at the expense of the successful bidder or bidders) to each potential investor requesting a copy of the Final Official Statement and to each person to whom such bidder and members of its bidding group initially sell the Bonds, provided that the successful bidder cooperates in providing the information required to complete the Final Official Statement. The successful bidder shall comply with the requirements of Rule 15c2-12 and the rules of the Municipal Securities Rulemaking Board, including an obligation, if any, to update the Final Official Statement.

Reoffering Price Certification. At the time of settlement of the Bonds, the successful bidder for the Bonds shall furnish to the Commonwealth a certificate acceptable to Edwards Wildman Palmer LLP, Bond Counsel, to the effect that (i) all of the Bonds of each maturity thereof have been the subject of a bona fide initial offering to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers)(the “General Public”) at a price not higher than, or a price corresponding to a yield not lower than, those shown for each maturity on the inside cover page of the Final Official Statement, (ii) as of the sale date of the Bonds, the price, or a price corresponding to the yield, shown for each maturity on the inside cover page of the Final Official Statement does not exceed the fair market value of the Bonds, and (iii) based on the records of and information available to the successful bidder the first price at which at least 10% of each maturity of the Bonds was sold to the General Public is the respective initial offering price for such maturity shown on the inside cover page of the Final Official Statement. In the event that the successful bidder cannot provide the certification in (iii) above, as to a particular maturity, such bidder shall instead provide a statement as to why the expectation described in (ii) above was not satisfied. In addition to executing and delivering a certificate as described in the previous paragraph, the successful bidder may be required to (a) demonstrate that it has made a bona-fide offering of all such Bonds to the General Public at prices no higher than, or prices corresponding to yields no lower than, the initial public offering prices, (b) provide an explanation of why any Bonds sold by the successful bidder between the bid date and the date of the delivery were sold for a price higher than, or a price corresponding to a yield lower than, the initial

public offering prices, and (c) provide documentation identifying the initial purchaser of the Bonds, as applicable, including information sufficient to enable the Commonwealth and Edwards Wildman Palmer LLP to determine that such purchasers are the General Public. If any maturity of the Bonds was also offered to institutional or other investors at a discount from the price at which such maturity was offered to the General Public, the successful bidder will be asked for additional certifications as to actual and expected Bond sales at such discounted price.

Continuing Disclosure. To assist bidders in complying with paragraph (b)(5) of Rule 15c2-12, the Commonwealth will undertake in the Bonds to provide annual reports and notices of certain events. A description of this undertaking is set forth in Appendix C of the Preliminary Official Statement and will also be set forth in the Final Official Statement.

Expenses. Each bid will be deemed to be an all-in bid. The successful bidder will be under no obligation to pay the Commonwealth's issuance costs. The Commonwealth will not pay the expenses of the successful bidder in connection with the purchase of the Bonds.

Settlement. The Bonds will be delivered on December 28, 2011, in New York, New York, at DTC against payment of the purchase price therefor (less the amount of the Good Faith Deposit). The successful bidder must make payment of the purchase price of the Bonds, less the Good Faith Deposit, by 10:00 a.m. (Boston time) on December 28, 2011 in immediately available funds in Boston.

There will also be furnished the usual closing papers, including (a) a certificate signed by the Attorney General of the Commonwealth stating that no litigation of any kind is now pending or, to her knowledge, threatened seeking to restrain or enjoin the issuance or delivery of the Bonds or the levy or collection of a material portion of the taxes or other revenues of the Commonwealth, or in any manner questioning the proceedings or authority under which the Bonds are issued, or affecting the validity of the Bonds, or contesting in any way the completeness, accuracy or fairness of the Preliminary Official Statement or Final Official Statement or contesting the title to his office of any official signing the Bonds or the Final Official Statement; and (b) a certificate signed by the State Treasurer and the Secretary of Administration and Finance to the effect that, except for the initial offering prices or yields of the Bonds on the inside cover page of the Final Official Statement and any other information concerning the reoffering of the Bonds included therein at the request of the successful bidder and the information in the Preliminary Official Statement and Final Official Statement under the heading "Book-Entry-Only System" and in any Appendix other than Appendix A, to the best of their respective knowledge and belief, the Preliminary Official Statement, as of the date of sale of the Bonds, and the Final Official Statement, both as of the date of sale and the date of settlement of the Bonds, did not contain any untrue statement of a material fact and did not omit to state a material fact necessary to make the statements made therein, in light of the circumstances under which they were made, not misleading.

Legal Opinions. The approving opinion of Edwards Wildman Palmer LLP, Boston, Massachusetts, Bond Counsel, in substantially the form set forth in the Preliminary Official Statement, will be furnished to the successful bidder. The Preliminary Official Statement contains a discussion of the effect of the Internal Revenue Code of 1986, as amended, on the exclusion from gross income of interest on the Bonds and a discussion of Bond Counsel's opinion insofar as it concerns such exclusion. An opinion of Edwards Wildman Palmer LLP, Boston, Massachusetts, Bond Counsel, will also be furnished to the successful bidder to the effect that (i) the information contained in the Preliminary Official Statement and the Final Official Statement under the headings "The Bonds," "Security for the Bonds" and in Appendix B, insofar as such information constitutes summaries of certain provisions of the Bonds and applicable Massachusetts law, presents a fair summary of such provisions and that the statements in the Preliminary Official Statement and the Final Official Statement under the caption "Tax Exemption" and in the summary tax opinion contained on the cover of the Preliminary Official Statement and the Final Official Statement, insofar as such statements purport to summarize certain provisions of the Internal Revenue Code of 1986 or purport to summarize such counsel's opinion regarding the Bonds, are correct in all material respects, and (ii) in the course of such counsel's participation in the preparation of the Preliminary Official Statement and the Final Official Statement, no facts came to such counsel's attention that have caused it to conclude that the Preliminary Official Statement, as of its date, or the Final Official Statement, as of the date of sale or the date of settlement of the Bonds (except for the financial and statistical data included therein, the initial offering prices or yields of the Bonds on the inside cover page of the Final Official Statement, any other information concerning the reoffering of the Bonds included therein at the request of the successful bidder and the stabilization clause, if any, and the information in the Preliminary Official Statement and the Final Official Statement under the headings "Book-Entry-Only System," "Ratings" and "Competitive Sale of Bonds" and in any other document specifically referenced therein, including

any Appendix other than Appendix B, as to which no opinion need be expressed) contained any untrue statement of a material fact or omitted to state a material fact necessary to make the statements made therein, in light of the circumstances under which they were made, not misleading. An opinion of Mintz, Levin, Cohn, Ferris, Glovsky and Popeo, P.C., Boston, Massachusetts, Disclosure Counsel, will also be furnished to the successful bidder to the effect that in the course of such counsel's participation in the preparation of the Commonwealth Information Statement (as defined in the Preliminary Official Statement), and as it may have been further supplemented as of the date of sale of the Bonds, no facts came to such counsel's attention that have caused it to conclude that the Commonwealth Information Statement as of the date of the Preliminary Official Statement, or, as it may have been supplemented as of the date of sale of the Bonds, as of said date of sale or as of the date of settlement of the Bonds (except for the financial and statistical data included therein and the information contained in the Exhibits thereto, as to which no opinion need be expressed), contained any untrue statement of a material fact or omitted to state a material fact necessary to make the statements made therein, in light of the circumstances under which they were made, not misleading.

CUSIP Numbers. CUSIP numbers will be applied for with respect to the Bonds, but the Commonwealth will assume no obligation for the assignment or printing of such numbers on the Bonds or for the correctness of such numbers. Neither failure to print such numbers on any Bond nor any error with respect thereto shall constitute cause for a failure or refusal by the successful bidder to accept delivery of and make payment for the Bonds. The CUSIP Service Bureau charge for the assignment of CUSIP numbers on the Bonds shall be the responsibility of and shall be paid for by the successful bidder.

Right to Modify or Amend Notice of Sale. The Commonwealth reserves the right to modify or amend this Official Notice of Sale prior to the bid date. If any modifications occur, supplemental information with respect to the Bonds will be communicated by posting on TM3 not later than 9:30 a.m. (Boston time) on the day on which bids may be submitted, and bidders shall bid upon the Bonds based upon the terms thereof set forth in this Official Notice of Sale, as so modified by such supplemental information.

Postponement. The Commonwealth reserves the right to postpone the date and time established for the receipt of bids. Any such postponement will be announced by posting on TM3 no later than 9:30 a.m. (Boston time) on the announced bid date. If any date and time fixed for the receipt of bids and the sale of the Bonds is postponed, an alternative sale date and time will be announced at least one business day prior to such alternative sale date. On any such alternative sale date and time, any bidder may submit bids electronically as described above for the purchase of the Bonds in conformity in all respects with the provision of this Official Notice of Sale, except for the date and time of sale and except for any changes announced by posting on TM3 at the time the sale date and time are announced.

Minority/Women Business Enterprises. It is the policy of the Commonwealth that appropriate consideration be given to firms who (a) are minority business enterprises and women's business enterprises and (b) have significant local ownership or presence. The State Treasurer requests and strongly urges bidders to make a good-faith effort to meet this goal by including such firms in their management group or syndicate and/or in the provision of legal services or other advisory services.

Additional Information. Further information concerning the Commonwealth and the Bonds is contained in the Preliminary Official Statement dated December 14, 2011, to which prospective bidders are directed, and to which this Official Notice of Sale is attached. The Preliminary Official Statement is provided for informational purposes only and is not a part of this Official Notice of Sale.
